

RUTTALA SUDHESHNA

Data Analyst | Software Engineer

8099950551 | sudheshnaruttala@gmail.com | Kurmannapalem, Visakhapatnam, Andhra Pradesh

CAREER SUMMARY

Aspiring Data Science undergraduate with a strong foundation in programming, machine learning, and data analysis. Seeking an opportunity to apply analytical, problem-solving, and technical skills to develop data-driven solutions and contribute to innovative projects. Passionate about building intelligent systems and solving real-world problems using data-driven approaches.

EDUCATION

BACHELOR OF TECHNOLOGY IN DATA SCIENCE ACHARYA NAGARJUNA UNIVERSITY GUNTUR	2023 – 2026
• CGPA: 9.0	
DIPLOMA IN ADVANCED MECHATRONICS AND INDUSTRIAL AUTOMATION MSME TECHNOLOGY CENTER VISAKHAPATNAM	2020 – 2023
• PERCENTAGE: 79%	

TECHNICAL SKILLS

Programming: Python | Java | C | SQL
Data Science: Machine Learning | NumPy | Data Analysis
Visualization: Power BI | MS Excel | Tableau
Core Concepts: Data Structures | Problem Solving
Additional: Basics of PLC Programming | Industrial Systems

PROJECTS

Credit Card Fraud Detection using Early Scam Link with OTP and Passcode Verification

- Developed a fraud detection system using data analysis and verification techniques
- Integrated OTP and passcode-based validation for enhanced transaction security

Sentiment Analysis using Machine Learning

- Built a model to classify text based on sentiment using Python
- Applied data preprocessing and basic NLP techniques

High Redundancy Electromechanical Actuator for Fault Tolerance

- Designed a system focused on reliability and fault tolerance
- Applied logical and system-level problem-solving

INTERNSHIPS

Full Stack Developer Intern | Stax Tech

- Worked on frontend and backend development tasks
- Gained practical experience in full-stack technologies

Data Science Intern | Prodigy InfoTech

- Performed data analysis and basic model building using Python

Artificial Intelligence Intern | SkillDzire

- Learned AI and machine learning fundamentals with practical implementation

CERTIFICATIONS

Networking and Web Technology | Infosys Springboard

- Gained knowledge of computer networking fundamentals, web technologies, and real-world application of internet-based systems

ACHIEVEMENTS

- Successfully completed multiple internships in Data Science and AI
- Developed real-world projects in fraud detection and sentiment analysis
- Strong academic performance with consistent learning approach

DECLARATION

I hereby declare that the above information is true and correct to the best of my knowledge.
